HIGH-RISK 5/6 IN THE ADVANCED SWARM COLOSSUS UNIT

Basic information for R G*: ORIGIN

R G*: ORIGIN is used to make the original combat unit, the High-risk 5/6, which are classified into the special skill group. Characteristics for classifying as a character are “acceleration”, “utilization rate of recovery ability”, and “ability to explore a unique world”, which are designed to match the character growth characteristic. “High-risk 5/6” are heroes with sub-quests, who serve as a core unit in exploration combat. You are free to pick up and equip any character from your party, but as a rule, you will pick the special character in your party that best matches your play style.

Members of the High-risk 5/6 squad

An ORIGIN can be leveled up to up to a maximum of 100 points by using special items, the only items you can choose on R G*: ORIGIN are awakening items and damage boost for Awakening. Awakening can only be chosen up to level 20. From level 10, Awakening can be chosen as a class skill for each ORIGIN.

When a character achieves a level 15 and 585 EXP, they can surpass the main mission. This is called a “Complete Mission”, which brings their stats up to +30 for a level. The EXP bar will be filled up with EXP points in a certain ratio through daily missions and quests. When a level 15 and 585 EXP has been reached, you can carry over your character to the next mission. (Functions for expanding missions are posted on the website, so please enjoy the story!)

A Complete Mission can also be triggered at any time during a main story. With a level 15 and 585 EXP

5/5 - GameGestalt "The new RPG Tarnished, launched in the midst of summer, is a great game with modern battle mechanics. It has a uniquely depicted fantasy world, and the distinctive settings have a lot of life to them." 5/5 - GameJolt "As a newcomer to the genre, RPG Tarnished is a game that I have been extremely excited for since I saw it, and now that I have played, I can say that it's not just great, it's an amazing game." 5/5 - GameCrop "Tarnished: Rise of an Elden Lord is a title that's different from the beginning and it really gets you interested from the very first moment. I'm quite sure that the genre will continue to see growth." 5/5 - Game Diagrams "Finally, we get a game where I can just click and play and not get a crash. Too many games out there have trouble running right, especially when a game is so new!" 5/5 - PlayStation Universe "Tarnished: Rise of an Elden Lord strikes a perfect balance between action and RPG elements. The combat is simply awesome and the different kinds of battles you can engage in make it worth the 20+ hours of gameplay you'll be

spending here." 5/5 - Game Hole "Tarnished does a great job of creating a world and setting that is both unique, and at the same time, feels very familiar. It has a bit of a Final Fantasy feel to it and the level of customization is much greater than other games I have played in the genre." 5/5 - Game Revolution "A true fantasy RPG, Tarnished is one of those rare games that delivers on so many levels, that you won't be able to put down until it's done." 4/5 - Game Informer "The sense of immersion is elevated by the small yet memorable details, like the beautiful countryside or the sweet sounds of the enemies' dying screams." 4/5 - GameXplain "Rise of an Elden Lord improves upon Tarnished in many ways, bringing a rich narrative to the gameplay, and breathes new life bff6bb2d33
