I created a website similar to the contest and it's only for entries, just simple review and some corrections to the text. I'm really enjoying the contest so far and I'd like to give my two cents. I'd love to try my hand at writing and enter the contest. There is a love in the air around the depot and I'd love to see some of it. After a few hours of trying to find the right writing style the first thing that would come to my mind is this: "After many years... It has been my privilege to be involved with so many people with such great talents and drive. This FSX contest has not only allowed me to share the love of my favorite hobby with others, but also to give back to the community. Once I have the resources and time I would love to follow up on the entire FSX-

P3D.QUALITYWINGS.BAE.146.(WORKING.GAUGES.ONLY).RAR and upload as many images as possible, however I don't know when that will happen and I'm not sure how many images I could get in the process of it. With your help maybe I could get the community involved and I would be very thankful for the support. Thank you so much in advance and have a great time during the contest period. AUTHOR - First and foremost I'd like to thank the FSX-P3D Qualitywings BAE 146 v1.1 release, the post man, the owners who gave permission to make a video, the users who helped with the development of the model and myself of course. The FSX contest is not completely done yet because there is one more thing I'd like to share with you all. I have a big surprise for you all as I hope to stay anonymous and do it in my way. I hope you're looking forward to it and with the best of wishes from 'Bee-hova'." A: First of all I'd like to thank everyone for participating in this contest, without you it would not be as fun. To all of you who's trying to make the contest different; you're not the first ones to say that, I've seen similar requests before and it turns out those are too demanding and somewhat unrealistic. All of the awards should be done and the polls completed in 3-4 weeks and
