This is one movie that I want to see, I have been looking forward to since I saw the trailer a few weeks ago. I am about to cry, this movie looks amazing! I cannot wait to see this movie. Im surprised because this is one of the few movies that I want to go to the theatre to see, because in my opinion, I cannot get the same experience from watching this movie on my smart phone or television. Can't wait to see it! Movie with a heart, brain, and guts. My favorite title of the year. I saw the trailer, but seeing the full movie, is definitely a heart attack. I was already in love before this movie, but seeing the full scale of action and movement is incredible. I could not stop watching, even during the quiet sequences. This has all the elements that make a great sci-fi movie. The visuals, the action scenes, and its heart. Interstellar is a 2014 American epic space adventure film directed by Christopher Nolan and written by his brother Jonathan Nolan, from a story by the same title by the Nolan brothers, Christopher and Jonathan. Chris Nolan co-produced the film with Emma Thomas, while Benjamin Wallfisch scored the film. * The film follows a group of people all of them are stranded in an outer space with no hope. The film highlights the importance of mankind and earth. The movie also aims to foster a more optimistic view of the future of mankind, and the universe. Many of us will leave a new and healthy Earth for the sake of our future generations. The film is a gripping tale filled with great visual effects, excellent acting, excellent plot, and powerful themes.
