First year of digital media degree Digital Media @ UW ITA About the degree Our 4-year degree program provides you with all the skills and knowledge necessary to become a dynamic professional in the field of digital media. Our online degrees prepare students for a variety of career paths including Web design, video editing, Web and multimedia content management, internet strategy, games and interactive media. Why a digital media degree? Digital media is an important part of the modern world. It is an important tool for companies, organizations, educational institutions and the government. Students with digital media degrees receive a solid foundation in the theory and practical application of digital media. They are equipped with the knowledge and skills to apply these skills in their chosen field, as well as in the classroom and laboratory. The digital media degree is a competitive program. Applicants are challenged to think, communicate and collaborate effectively as they work on real-world projects and assignments. With so many new opportunities for employment, students will be prepared to compete for jobs in today's digital media sector. We have a 6:1 student to faculty ratio, providing a highly personalized and interactive learning environment. We have an internationally competitive learning environment, which allows you to work on your own projects and take advantage of our facilities and technology. Facilities Our studios at the ITA Center for the Arts feature a sophisticated media lab with both traditional and digital equipment, an interactive learning environment and green technology. Awards Students who graduate from the Digital Media degree with an Associate degree in Arts, receive a full-tuition scholarship to the University of Wisconsin-Madison. Careers With a digital media degree, you will be equipped to work in a variety of fields, including: Visual Arts (film, video,
